

## **Environmental Awareness.**

**Duration: Half day.**

### **Who should attend:**

All staff who have a responsibility to contribute to the companies green policies or undertake work which impacts on the environment, this course is especially suitable for managers.

### **Course overview:**

The need for businesses to address environmental issues has never been greater. Tendering requirements, changing needs of lenders and investors and increasing legislation are forcing businesses to address their environmental performance. This course has been designed for all staff but particularly for managers and supervisors who have responsibility for decision-making, managing budgets, allocating tasks and meeting performance targets. It will also enable them to take corrective action and be confident in dealing with environmental issues and customer queries.

### **Course content:**

Upon completion the delegates will have gained knowledge of:

- Environmental issues.
- Pollution.
- Business and the environment.
- Energy and water.
- Waste management.
- Transport.
- Environmental law.
- Environmental management.

Successful completion will give the knowledge and understanding of the key concepts involved in environmental awareness.
